

DER EINZELNE STERN

Dear Lone Star Member,

The next meeting of the Lone Star Chapter will be held on July 17, 2010. Jim and Helen Widener will host the meeting at their home in Irving, TX. Plan to start arriving around 10:00 AM. Lunch and beverages will be served. Please let the Wideners know if you will be attending. They can be contacted by phone at 972-717-4558, or by email at hwidener@msn.com. As always, bring steins to the meeting to sell, or trade, or talk about.

We will have a 'Show and Tell' session at the meeting, so please bring one or more steins to the meeting for this event. The subject will be open, so bring any steins that you would like to show to the group and talk about. Bring as many steins for the 'Show and Tell' session as you would like. If you have any steins that you have questions about, bring them along to the meeting as well.

A very special 'Thank You' goes out to Lawrence and Pam Beckendorff for hosting our spring 2010 meeting in Katy. The Beckendorffs offered their usual hospitality in true Texas style. Our guest speaker, Bill Hamer, gave a great presentation on early Faience steins. Bruce Ehly, our 2009 Chapter Representative, brought everyone up-to-date on the business portion of the 2009 SCI Convention in Las Vegas. Thanks Bruce! The Lone Star Chapter would also like to thank Dave Cantwell for once again showing his readiness to help by accommodating our guest speaker while visiting Texas.

We are currently looking for a host for our fall 2010 meeting. If anyone in the Austin/San Antonio area can host a meeting for the Lone Star Chapter, please contact me. We would like to have the meeting after the SCI Convention, so the last half of September or any time in October would probably work the best.

If you have any questions call me at 817-300-0463 or email me at SteinMason@aol.com

PROSIT

David Vandergriff - President
